I am honored to serve as the chair of the Friends of Cuttington. I first became involved with Liberia and Cuttington as a member of the Liberia Covenant Committee in the early 2000's. Multiple trips to Liberia and Cuttington have increased my commitment to the university. As Cuttington develops, I applaud its efforts to be and remain a significant institution of higher learning in Africa.

I live in southern Maine having moved there in 2022 from the Chicago area. I am a semi-retired lawyer.

Much of my volunteer work has been within the structures of the Episcopal Church. In 2015, I was elected a trustee of the Church Pension Fund and was re-elected in 2022. I have been a member of the Executive Council, the Standing Commission on World Mission (three years as chair), chair of the board of Bexley-Seabury Seminary, a board member of the Consortium of Episcopal Parishes, President of the Standing Committee of the Diocese of Chicago, and a delegate or alternate from the Diocese of Chicago to every General Convention from 2000-2022. In addition I have been active with The American Committee for KEEP (Kiyosato Educational Experiment Project), Inc. since 1977.

At my former parish, St. Matthew's, in Evanston, Illinois, I served in every possible lay role up to and including Senior Warden, Junior Warden, Chancellor, Treasurer, Clerk, and Vestry Member.

I am a proud alumna of Smith College and the Boston University Law School.
